LANGUAGES

Hebrew: Native
Russian: Native
English: Fluent
Spanish: Fluent

PROJECTS

**React Project*: https://wolf1131portfolio.netlify.app/*
- I developed a responsive React project using Bootstrap and Node.js backend with Express.js. The project features custom UI components optimized for performance, and NPM was used to manage dependencies. The project effectively showcased my web development skills.

Portfolio-website: https://wolf1131.github.io/portfolio-2/
I designed and Developed a personal portfolio website using JavaScript, HTML, and CSS.
Utilized CSS Grid to create a responsive layout and custom animations with CSS for visual appeal
Optimized for accessibility using ARIA roles and attributes.

Landing page: https://wolf1131.github.io/pepsi-landing-page/
I designed and developed a landing page, using HTML, CSS, and JavaScript.

SKILLS

- Hard skills with the following libraries and technologies: JavaScript, React, Redux, Context, React-Query, Styled components, Material-UI, Bootstrap, SCSS, CSS, HTML, Node.js, Express, MongoDB, Es-Lint, Git.
- Experience developing web applications for mobile devices.
- UX design skills.
- Soft Skills: Strong problem-solving and analytical skills, excellent communication and collaboration skills,
- Ability to work effectively in a multidisciplinary team
- Independent and self-motivated with a "Can-do" attitude
- Curious and driven to learn and explore new technologies
